LinkedIn — GitHub

Aspiring AI/ML Engineer — Python Developer — Machine Learning Enthusiast

Technical Skills

Programming Languages	Python, Java, C++, SQL
Machine Learning	Machine Learning Fundamentals, Data Preprocessing, Model Training, Classification
Web Technologies	HTML, CSS, React.js, Node.js
Backend Development	Flask
Databases	SQL
Tools & Platforms	Git, GitHub, VS Code, Jupyter Notebook
Soft Skills	Communication, Team Leadership, Problem Solving, Collaboration

Projects

Human Activity Prediction using Machine Learning

- Developed an end-to-end Machine Learning application for predicting and classifying human activities using activity-based datasets.
- Built frontend interfaces using HTML and CSS to provide an intuitive user experience for activity monitoring and prediction visualization.
- Implemented backend integration with Python and Flask to process user inputs, handle prediction requests, and generate classification results.
- Applied Machine Learning workflows including data preprocessing, feature handling, model training, and prediction generation.
- Strengthened practical knowledge of AI/ML model deployment, backend integration, and real-world application development.

Internship Experience

Altair Data Science Virtual Internship

EduSkills Foundation

Oct 2025 – Dec 2025

- Gained hands-on exposure to Data Science concepts, data analysis workflows, and practical industry applications.
- Worked on data-driven problem-solving approaches and explored Machine Learning methodologies.
- Enhanced understanding of data preprocessing, analytical thinking, and model development fundamentals.

Artificial Intelligence and Machine Learning Virtual Internship

EduSkills Foundation

Oct 2024 – Dec 2024

- Learned AI and Machine Learning concepts through practical implementation-oriented tasks.
- Explored supervised learning techniques, model evaluation methods, and real-world AI applications.
- Strengthened Python programming skills and understanding of AI development workflows.

Certifications

- AICTE Virtual Internship Certification – Artificial Intelligence and Machine Learning
- AICTE Virtual Internship Certification – Altair Data Science

Achievements & Activities

- Participated in Hackathons focused on problem-solving, innovation, and collaborative software development.
- Actively exploring Artificial Intelligence, Machine Learning, Data Analytics, and AI-driven product development.
- Continuously building practical projects to strengthen implementation and engineering skills.

Education

Kakinada Institute of Engineering and Technology

Bachelor of Technology (B.Tech) – Computer Science Engineering (Artificial Intelligence & Machine Learning)

Aug 2023 – Apr 2027

CGPA: 7.79
